

I'm shocked and repulsed at Sinclair Broadcasting for FORCING their stations to carry anti-Kerry propaganda material days before the election! Are we in a Soviet Russia or a nazi Germany? This is AMERICA not some communist or fascist country where those in power push an obscene agenda to manipulate its citizens!

The public airwaves are free of charge, and Sinclair is obligated by law to serve the public interest. With Sinclair's actions FORCING its stations to comply to its partisan attacks we get election year dirty tricks worthy of Fidel Castro instead of America's brand of democracy. I can't believe this is happening and how corrupt it is!

I'm fighting to strengthen media ownership rules from here on out by being on the government's arse and my representatives there. This kind of blatant partisanship shows why more than EVER BEFORE we need the license renewal process to involve more than a returned postcard. Thank you.
